So what is it about being a hairdresser that makes you happy? Jonathan Pickup who works at the Slice Salon in Newcastle and has been a hairdresser for 21 years says 'It's quite a young environment – it's quite trendy. You mix with quite a lot of young people. You get to my age and it is quite nice to be around people who are eager in their job'.

Michael Osbaldeston from examination body City & Guilds who conducted the survey said there were lots of reasons why happiness and hairdressing should go hand in hand. 'It is the relationship they have with their client which makes the job what it is... They are appreciated. They make people feel good and look good.'
